Our boudoir sessions are photographed very much like a fashion shoot. Most boudoir sessions occur here in studio during a one hour portrait session. Studio sessions allow for privacy as well as varying light and set changes; however, some clients opt to shoot boudoir on-location at home, in an upscale hotel, or an alternate location they designate. Each session includes many wardrobe changes, allowing you a diverse selection of beautiful portraits to include in an album or display as portrait art within your home. Your attire for boudoir can consist of personal lingerie from home, fine linens provided in the studio, and/or upper-body and full nudes.

Session Investment Requests:

In-Studio Boudoir: \$400.00

On-Location Boudoir: \$525.00

- Both session investments include a 4x5 black leather album with 20 of your favorite poses.
- Additional products and prints are available for purchase as well.
- All portraits are retouched, blemishes are removed, body thinning and in some cases enhancing in the right areas are completed prior to client online gallery selection.

Some boudoir clients schedule an appointment with both their hair dresser and make-up artist just prior to their session. Boudoir is not only a gift for our gentlemen; it's also a day of pampering for us women.
